PRIMARY GOALS

1 **BRAND
DEVELOPMENT**

2 **BRAND
PROTECTION**

3 **REVENUE
GENERATION**

Over the past decade, K12 Licensing has partnered with thousands of high schools to jointly administer full-service licensing programs. Through licensing, K12 high school partners are able to achieve three primary goals.

K12 and Level 10 work together to identify strong communities that want to support their high schools and proudly wear their colors.

K12 and Level 10 research ensures branding information is accurate for current school and reaches out to school partners to educate them on the program.

High schools receive transparency through the process like they have never had before. As well as retailers, who also receive updates on school statuses.
